### Exquisite Townhouse in the Heart of Palafrugell

This magnificent property, built in 1910 and fully restored in 2007, embodies the perfect fusion of historic charm and contemporary comfort. With 399 m<sup>2</sup> of built area on a 290 m<sup>2</sup> plot, the home is harmoniously distributed over three floors, offering bright, spacious, and character-filled spaces.

On the first floor, there are four spacious double bedrooms. The master suite, with a private bathroom, exudes serenity and distinction, while the other three bedrooms share an exquisitely designed full bathroom. From this floor, access is available to two charming balconies – one facing the main façade and another overlooking a peaceful interior patio, adorned with a delicate hand-forged railing.

The second floor offers a versatile 55 m<sup>2</sup> space, with parquet flooring and natural fir wood beams that add warmth and character. Natural light floods this level through large skylights, creating an ideal environment for a studio or the potential to convert it into two additional double bedrooms. This floor also includes a private office area, a full bathroom, and a storage room with direct access to the rooftop.

The 160 m<sup>2</sup> garden is a true gem, where time seems to stand still. An old well, a cozy barbecue area, and a storage room blend harmoniously with a century-old grapevine covering the inner façade, framed by bamboo canes and native plants. A small pool adds the finishing touch of distinction and tranquility.

The property is equipped with the most modern amenities: an elevator connecting all three floors, natural gas heating, air conditioning, solar panels, a water softener, and security systems with reinforced shutters and enclosures.

Located in the center of Palafrugell, this house is not just a home but a masterpiece that preserves the soul of its era while embracing modernity with elegance and sophistication.
